

Department of Killer Robot Administration

Wes Parker, Special Agent In Charge

WANTED

KILLER ROBOT VIC

KILLER ROBOT BRETT

After being removed from service for extreme violations, these two Killer Robots escaped from the Midwest Facility for Decommissioned Robots. They have chosen to live out the remainder of their battery life in the world of Rock and Roll. This is in direct violation of Title VI, Section XII of the The Department of Killer Robot Administration Code of Conduct and is a threat to popular music as we know it.
